The Unknown is....(according to Google)
there.

one of the more interesting Lon Chaney collaborations.

not a particularly appropriate title for the movie.

ruled by a king named Ognev.

the only Doctor Who story.

filled with effectively eerie sequences.

low budget, soft-on-sfx, super creepy.

Our Destiny.

always the unexpected, even if it makes complete sense.

positively destructive.

hardly innovative, but it's a crackerjack piece of entertainment.

much that defines who we are.

a form of theological lunacy.

uglier than your ma ma.

an unfinished symphony.

not so bad.

“For He will command His angels concerning you to guard you in all your ways; they will lift you up in their hands, so that you will not strike your foot against a stone.”
 - Psalm 91:11-12

Rachel, you did it! Its hard to believe you are graduating from college. I can't begin to tell you how proud we are of you and all that you have made of yourself. You have come through some difficut times and have managed to do it with compassion.

Your only obligation in life is to be true to yourself. With God all things are possible. You are truly a beautiful person, with a heart of gold.

We both love you very much.

Mom & Dad

Thanks Michelle,

RALPH ANDERSON'S (LAYOUT EDITOR) PAGE

What is the unknown? It is inevitable. It is everything you want to escape but can't. Everything you fear but that there is no way of avoiding. It is an empty, limitless void that sits in front of you like a broken mirror - a million yous, but who is the real one? The unknown is what traps you, smothers you, holds you back and surrounds you with no way out. It lurks around every corner, behind every door, in each stranger's eye. It is the unfamiliar, and yet you know of it. She is the author of so many poems, the source of countless quotations. So many mysteries lie behind the word, the idea. Who we are is determined by whether we wish to solve the mysteries or run from them. If we run, we run for the rest of our lives, for there is always the unknown. It is the constant companion of change, another concept we hate. And yet, change is forever as well. We fight a losing battle. The unknown is inevitable. *Vita*. Life. The unknown is a part of life. It is college, it is beyond college. It is the good, the bad, and the very ugly. And sometimes, it is the funniest thing you've ever seen. So enjoy,
